AUTHORS SUBJECT TO CHANGE

1 **AN ACT** *to amend* 29.185 (1m) of the statutes; **relating to:** eliminating the
2 mandatory wolf hunt.

Analysis by the Legislative Reference Bureau

Under current law, if the wolf is not listed on the federal endangered list and is not listed on the state endangered list, the Department of Natural Resources must allow the hunting and trapping of wolves. This bill provides that DNR may allow the hunting and trapping of wolves but does not require it.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
