### *Analysis by the Legislative Reference Bureau*

This bill requires the state superintendent of public instruction, in consultation with organizations representing law enforcement, to promulgate rules to develop a model curriculum for pupils in grades 5 to 12 to instruct pupils on how to interact with law enforcement with mutual cooperation and respect.

The bill requires a school board or operator of an independent charter school to include in at least two grades from 5 to 8 and at least two grades from 9 to 12 instruction in law enforcement interactions that is consistent with the model curriculum, unless the school board or governing board of the independent charter school opts out of including such instruction. The bill specifies that a school board that elects not to include such instruction must adopt a resolution making that election.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
