1 **AN ACT to amend** 346.03 (3) of the statutes; **relating to:** application of stopping,
2 standing, and parking provisions to certain authorized emergency vehicles.

Analysis by the Legislative Reference Bureau

Under current law, when the operator of an authorized emergency vehicle is responding to an emergency call or in pursuit of an actual or suspected violator of the law, the operator is exempt from certain traffic restrictions, subject to certain conditions. The operator is exempt from restrictions related to stopping, standing, and parking if the vehicle's warning lights are activated. The operator is exempt from restrictions related to speed, obedience to traffic signals, and direction of travel if the vehicle's warning lights and siren are activated.

This bill eliminates the requirement that an authorized emergency vehicle's warning lights be activated as a condition of the exemption from traffic restrictions related to stopping, standing, and parking.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
