

## 2013 ASSEMBLY BILL 282

August 7, 2013 – Introduced by Representatives SPIROS, RIPP, BALLWEG, KRUG and WEATHERSTON, cosponsored by Senators PETROWSKI and L. TAYLOR. Referred to Committee on Transportation.

1     **AN ACT** *to amend* 348.07 (2) (g), 348.07 (2) (gv) and 348.07 (4); and *to create*  
2             348.07 (2) (gr) of the statutes; **relating to:** the length of vehicles that may be  
3             operated on the highway without an overlength permit.

---

### *Analysis by the Legislative Reference Bureau*

Under current law, no person may operate on a highway any single vehicle with an overall length in excess of 45 feet or any combination of two vehicles (vehicle combination) with an overall length in excess of 70 feet, unless a specific exception applies or the person has a permit to exceed these lengths. Prior to the enactment of 2011 Wisconsin Act 243, effective November 1, 2012, there was an exception to the general single vehicle length limit for each of the following:

1. A semitrailer operated as part of a vehicle combination if the semitrailer did not exceed 53 feet, its kingpin-to-axle length did not exceed 43 feet, and it was operated on a highway designated by the Department of Transportation (DOT) as a long truck route or operated for not more than 15 miles on a highway providing access to a long truck route or to certain services.

2. A semitrailer operated as part of a vehicle combination if the semitrailer did not exceed 53 feet, its kingpin-to-axle length did not exceed 43 feet, and it was operated on the state trunk highway system except those parts designated by DOT by rule as ineligible for this length limit.

2011 Wisconsin Act 243 expanded the exception identified as 2., above, to also apply to highways that are not state trunk highways and repealed the exception identified as 1., above.

**ASSEMBLY BILL 282**

This bill recreates the exception identified as 1., above, effective retroactively to the effective date of 2011 Wisconsin Act 243.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

8 of loading or unloading. The secretary may, by rule, designate an access route of more

10 route provides safer and better access to a location which is within the 15-mile limit.  
11 Household goods carriers may operate between highways designated under this  
12 subsection and points of loading and unloading.

**SECTION 5. Initial applicability.**

13
