2 **relating to:** prohibited practices of motor vehicle manufacturers, importers,
3 and distributors and providing a penalty.

Analysis by the Legislative Reference Bureau

Under current law, a manufacturer, importer, or distributor (manufacturer) of motor vehicles that wishes to sell motor vehicles in this state must be licensed by the Department of Transportation. Also under current law, a manufacturer may have its license revoked, and may be liable for pecuniary losses and attorney fees, if the manufacturer commits any of a number of violations enumerated in the statutes.

This bill enumerates an additional violation. Specifically, a manufacturer commits a violation, as described above, if it directly or indirectly takes or threatens to take an adverse action against a dealer of its motor vehicles 1) for the purpose of recovering costs of compensating the dealer for certain service work performed for the manufacturer, or 2) in retaliation for a dealer's exercising a right or seeking a remedy under Wisconsin's motor vehicle dealer law.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
