JOHNSON, KEYESKI, LARSON, RATCLIFF, SPREITZER, WIRCH and DASSLER-ALFHEIM. Referred to Committee on Health, Aging and Long-Term Care.

AUTHORS SUBJECT TO CHANGE

1 **AN ACT** *to create* 146.67 of the statutes; **relating to:** perimenopause and
2 menopause education.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Health Services to enter into partnerships with health care providers, including obstetricians and gynecologists, and community health centers and hospitals to educate women on the symptoms, processes, and other issues surrounding perimenopause and menopause so that women may be prepared for perimenopause and menopause. The bill requires DHS to create, in coordination with these partners, informational materials, in electronic and physical form, that may be distributed to or accessed by women who are determined by their health care provider to be experiencing or will soon be experiencing perimenopause and menopause.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 146.67 of the statutes is created to read:

ASSEMBLY BILL 381

SECTION 1

146.67 Perimenopause and menopause education. (1) The department shall do all of the following:

(a) Enter into partnerships with health care providers, including obstetricians and gynecologists, and community health centers, as defined in s. 250.15 (1) (a), and hospitals to educate women on the symptoms, processes, and other issues surrounding perimenopause and menopause so that women may be prepared for perimenopause and menopause.

(b) Create informational materials, in coordination with the partners described in par. (a), in electronic and physical form, that may be distributed to or accessed by women who are determined by their health care provider to be experiencing or will soon be experiencing perimenopause and menopause. The informational materials shall include information regarding all of the following:

1. Symptoms of and treatments for perimenopause and menopause.

2. Symptoms of perimenopause and menopause for which a woman would consult a health care provider.

3. The biological process behind perimenopause and menopause.

4. How to talk to family and friends about perimenopause and menopause.

5. Any other information that the department determines is necessary to prepare and educate women regarding perimenopause and menopause.

SECTION 2. Effective date.

(1) This act takes effect on the first day of the 3rd month beginning after publication.
