Analysis by the Legislative Reference Bureau

This bill restores requirements related to deer carcass tags that were eliminated under 2017 Wisconsin Act 59.

The bill establishes a requirement that the Department of Natural Resources issue a deer carcass tag to a person to whom it issues an archer hunting license, crossbow hunting license, deer hunting license, or conservation patron license, and a requirement that a person who kills a deer immediately validate the deer carcass tag that is authorized for the type of deer killed.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
