1 **AN ACT** *to create* 20.395 (2) (fq) of the statutes; **relating to:** funding for the
2 Department of Transportation and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill decreases the amount of state moneys appropriated to the Department of Transportation (DOT) for state highway rehabilitation, major highway development, and southeast freeway megaprojects and increases the amount of state moneys appropriated to DOT for local transportation facility improvement. This bill requires the Legislative Fiscal Bureau to adjust the amounts of federal moneys appropriated for these programs such that the combined amount of state and federal moneys in each program remains unchanged. This bill also prohibits DOT from entering into new contracts after June 30, 2016, that would obligate federal moneys for local transportation facility improvement.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
