***Analysis by the Legislative Reference Bureau***

This bill requires the Wisconsin Economic Development Corporation to contract with a business maintaining a crowdfunding Internet site that recommends funding projects of small businesses and community organizations that create jobs or promote economic growth in this state. The bill defines “crowdfunding Internet site” as an Internet site for campaigning and collecting donations for projects. WEDC must solicit project proposals from small businesses and community organizations for inclusion on the crowdfunding Internet site, select projects for inclusion, and provide assistance to donation campaigns for the selected projects.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
