1 **AN ACT to create** 13.176 of the statutes; **relating to:** appointing delegates for  
2 a convention under Article V of the United States Constitution.

---

### *Analysis by the Legislative Reference Bureau*

Under Article V of the United States Constitution, upon the application of the legislatures of at least two-thirds of the states, Congress must call a convention for the purpose of proposing amendments to the U.S. Constitution. Under this bill, if Congress calls such a convention, the legislature and the governor must appoint five delegates to attend the convention as representatives of this state.

Under the bill, if a delegate votes at the convention to consider or approve an unauthorized amendment, the delegate may be immediately dismissed by the approval of a majority of the other appointed delegates for this state and replaced with a new appointee. The bill defines an "unauthorized amendment" as an amendment that is outside the scope of the application or the call of the convention.

The bill also requires the legislature to create a joint committee of correspondence that is responsible for communications with delegates to the convention. The convention delegates from this state must direct all communications with the legislature to the committee, including the proposed adoption or modification of rules governing the convention. The delegates are to presume that the committee approves the proposed adoption or modification of such

rules, if the committee does not render a decision on the proposed adoption or modification of such rules within 48 hours of receiving notice from the delegates.
