### ***Analysis by the Legislative Reference Bureau***

This bill creates the Wisconsin Climate Corps (WCC) program to provide workers to assist with the restoration and rebuilding of natural lands, climate resiliency projects, and weatherization and energy efficiency projects in homes and to provide employment training and career pathways for underserved communities. The bill directs the Wisconsin Climate Corps Board, which is created under the bill and attached to the Department of Administration, to contract with a nonprofit corporation (manager) that has demonstrated experience in grant program writing and administration, natural resource restoration and rebuilding, and youth training, education, and employment to manage and administer the program. Under the bill, the manager must remain neutral with respect to any union organizing activities of workers in the program.

The bill provides that a WCC project must be designed to carry out a specific goal within a defined period of time and must be focused on the restoration and rebuilding of natural lands, weatherization and energy efficiency projects in homes, or other climate resiliency projects in urban and rural areas of this state.

The bill allows local governments, tribal governments, nonprofit corporations, and executive branch agencies to sponsor projects. The manager is required to

**ASSEMBLY BILL 810**

administer the grant program, including reviewing applications, approving projects, and negotiating agreements with sponsors to provide work crews to complete eligible projects, and to submit an annual report to DOA regarding each project. The board may provide grants for projects approved by the manager. Under the bill, the cumulative amount of administrative costs in connection with a grant may not exceed 10 percent of the amount of the grant.

The bill provides a preference for work crew members on a WCC project to be at least 16 and not more than 30 years old and a requirement that at least 50 percent of the work crew members on each project be from underserved populations in this state, as determined by the manager. The bill also provides that workers on projects must be paid at least \$15 per hour worked and receive a housing stipend and health insurance coverage.

The bill requires each sponsor of a WCC project to erect a permanent plaque at each work site that is on property owned by the federal government, the state, a local government, a tribal government, or a nonprofit entity identifying the site as a WCC project.

The bill allows DOA to retain its manager and allows other state agencies to engage a WCC crew on a project without complying with state procurement laws, including requirements for public notice to and competitive solicitation of contractors and limitations on the circumstances under which contractual services may be obtained.

Finally, the bill requires DOA to annually audit the program and submit an annual report to the legislature identifying the projects that were completed in each year or that are in the process of completion as of the end of that year.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

2           (5) or for any other similar project, as determined by the manager.
- 3           (e) Give preference to members of a work crew on a project who are at least 16  
4           years of age and not more than 30 years of age.
- 5           (f) Require that at least 50 percent of the members of a work crew come from  
6           an underserved population in this state, as determined by the manager.
- 7           (g) Prohibit any employee or contractor from performing services under the  
8           Wisconsin climate corps program if those services displace the services of any  
9           individual who is employed by this state in a position, as defined in s. 230.03 (11), or  
10          who is employed by a local government in a permanent position.
- 11          (h) Pay each worker on a project at least \$15 per hour worked.
- 12          (i) Provide each worker on a project with a housing stipend of not less than \$100  
13          per week or provide housing to each worker.
- 14          (j) Provide each worker on a project with health insurance coverage that is  
15          equivalent to a gold level health plan purchased on the American health benefit  
16          exchange, as described in 42 USC 18031, in this state.
- 17          (k) Remain neutral with respect to any labor organizing among workers on a  
18          project.
- 19          (L) Require each sponsor, upon completion of a project, to erect a permanent  
20          plaque at each project work site located on land owned by the federal or state  
21          government, a local government, a tribal government, or a nonprofit entity that  
22          identifies the site as a Wisconsin climate corps project.
- 23          (m) Submit an annual report to the department, no later than January 31,  
24          identifying, to the greatest extent practicable, information regarding the location of  
25          each project, a brief description of each project, and the training provided to

1 cumulative amount of administrative costs charged by the board, the manager, and  
2 the sponsor in connection with a grant awarded under this subsection may not exceed  
3 10 percent of the amount of the grant.

4 **(10) ANNUAL AUDIT.** Annually, no later than January 31, the department shall  
5 audit the Wisconsin climate corps program and include the information in its report  
6 to the legislature under sub. (11).

7 **(11) ANNUAL REPORT.** Annually, no later than March 31, the department shall  
8 submit a report to the chief clerk of each house of the legislature for distribution to  
9 the legislature under s. 13.172 (2) identifying Wisconsin climate corps projects that  
10 were completed in the preceding year or that were in the process of completion at the  
11 end of that year. The report shall also include the locations of all such projects.

12 **(12) INTERGOVERNMENTAL COOPERATION.** The board may, on behalf of the  
13 manager or a sponsor, enter into a cooperative purchasing agreement under s. 16.73  
14 (1). The board may request cooperative assistance from other state agencies in  
15 carrying out its program responsibilities as provided in s. 20.901 (1) (a). The  
16 department may enter into an intergovernmental service agreement under s.  
17 66.0301 on behalf of itself, the manager, an applicant, or a sponsor.

18 **SECTION 3.** 16.705 (1b) (e) of the statutes is created to read:

19 16.705 **(1b)** (e) The Wisconsin climate corps board under s. 16.24 (3).

20 **SECTION 4.** 16.705 (10) of the statutes is created to read:

21 16.705 **(10)** Subsections (2) to (9) do not apply to procurements by an agency  
22 for contractual services to be performed by crew members as a part of a Wisconsin  
23 climate corps project.

24 **SECTION 5.** 16.75 (1) (a) 1. of the statutes is amended to read:

**ASSEMBLY BILL 810**
