***Analysis by the Legislative Reference Bureau***

This bill requires the Department of Corrections and county sheriffs to provide every inmate being held in a state correctional institution or county house of correction with three hours per week of outdoor time, unless the inmate is being held in the Milwaukee secure detention facility, in which case the three-hour per week requirement does not apply until the inmate's 91st day of holding at that institution.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
