February 2, 2022 - Introduced by Representatives MOSES, BROOKS, CABRAL-GUEVARA, DITTRICH, KNODL, KRUG, KUGLITSCH, SCHRAA and TAUCHEN. Referred to Committee on Public Benefit Reform.

\*\*\*AUTHORS SUBJECT TO CHANGE\*\*\*

1     **AN ACT to create** 49.842 and 49.843 of the statutes; **relating to:** Requiring a  
2            biennial report to the Joint Committee on Finance on the availability of public  
3            benefits for certain groups of individuals and duties of the Office of Inspector  
4            General in the Department of Health Services.

---

### *Analysis by the Legislative Reference Bureau*

This bill specifies duties for the Office of the Inspector General and requires that a report be submitted to the Joint Committee on Finance on availability of public benefits for certain specified groups of individuals.

#### *Duties of the Office of the Inspector General*

2013 Wisconsin Act 20, which was that session's biennial budget act, created the Office of the Inspector General in the Department of Health Services. This bill requires this Office of the Inspector General to identify and prevent fraud, waste, and abuse in the FoodShare program, the Medical Assistance program, and other public assistance programs that DHS administers. The FoodShare program, also known as the food stamp program and the federal Supplemental Nutrition Assistance Program, provides financial assistance to individuals with limited financial resources for the purchase of food. The Medical Assistance program provides health care services to individuals who have limited financial resources.

The bill requires the Office of the Inspector General to monitor and audit providers to identify and prevent fraud, waste, and abuse and to investigate and track retailer and public assistance recipient fraud. The bill specifies actions that

**ASSEMBLY BILL 942**

the Office of the Inspector General takes to accomplish the functions required in the bill. The bill also requires the Office of the Inspector General to forward cases of alleged fraud to the appropriate officials; operate and maintain a telephone hotline and online portal for the reporting of suspected fraud, waste, and abuse; investigate such reports of fraud, waste, and abuse; submit an annual report to the legislature on its accomplishments, outcomes of recoupments, and referrals for prosecution; and publicly display on an Internet site monthly findings as described in the bill and policies and guidance on procedures for investigating fraud, waste, and abuse. Additionally, the bill requires a state agency that receives a request from the Office of the Inspector General for information relevant to an investigation of fraud, waste, or abuse in a public assistance program to cooperate by providing information the agency has that is responsive to the request.

***Report on availability of public benefits***

This bill requires the Department of Administration, in consultation with any state agency that is responsible for the administration of a public benefit, to submit by March 15 of each odd-numbered year to the Joint Committee on Finance a report on the number of enrolled individuals in and the availability of public benefits for certain assistance groups who earn 50 percent of the federal poverty line. The report must include, among other items, the availability of all state and federal public benefits related to housing or rental assistance; health or medical assistance; food or nutrition assistance; child care assistance; energy or heating assistance; water or sewer assistance; employment support or training assistance; internet or broadband assistance; and refundable tax credits. The report must also total the value of all benefits available for each of the assistance groups described under the bill and compare the total value of all benefits available plus the assistance group's income to the average income for the same group, the median income for the same group, and the income that the group would make if all adults earned minimum wage for 40 hours of work per week. Under the bill, DOA is required to perform these calculations assuming that each assistance group resides in the City of Milwaukee and then again assuming that each assistance group resides in the City of Wausau. In preparing the report, DOA is also required to assume that every child in each assistance group is attending public school and that no adult in an assistance group has employer-sponsored health insurance. The assistance groups required to be analyzed by the report include a single adult individual; a married adult couple; a single adult parent with two children, one under the age of 6 and the other between the ages of 6 and 17; and a married adult couple with two children, one under the age of 6 and the other between the ages of 6 and 17.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

**ASSEMBLY BILL 942**

1           **49.842 Report to joint committee on finance on available public**  
2 **benefits. (1) REPORT.** No later than March 15 of each odd-numbered year, the  
3 department of administration, in consultation with any state agency that is  
4 responsible for the administration of a public benefit, shall submit to the joint  
5 committee on finance a report on the number of individuals enrolled in all state and  
6 federal public benefits and the availability of all state and federal public benefits for  
7 all of the assistance groups under sub. (4).

8           **(2) REPORT REQUIREMENTS.** (a) The department of administration, in  
9 consultation with any state agency that is responsible for the administration of a  
10 public benefit, shall calculate the benefits available for each assistance group under  
11 sub. (4) as if the assistance group resided in the city of Milwaukee, and shall  
12 separately calculate the benefits available for each assistance group as if the  
13 assistance group resided in the city of Wausau.

14           (b) In preparing the report, the department of administration, in consultation  
15 with any state agency that is responsible for the administration of a public benefit,  
16 shall assume that every child in an assistance group under sub. (4) is attending a  
17 public school.

18           (c) In preparing the report, the department of administration, in consultation

20 shall assume that no adult in an assistance group under sub. (4) has  
21 employer-sponsored health insurance.

22           (d) The department of administration, in consultation with any state agency  
23 that is responsible for the administration of a public benefit, shall total the value of  
24 all benefits available for each of the assistance groups under sub. (4) and shall  
25 compare the total value of all benefits available plus the assistance group's income

**ASSEMBLY BILL 942****SECTION 1**

1 to the average income of the same group, the median income for the same group, and  
2 the income that the group would make if all adults in the group earned the equivalent  
3 of the minimum wage for 40 hours of work per week. The department of  
4 administration, in consultation with any state agency that is responsible for the  
5 administration of a public benefit, shall perform the calculations under this  
6 paragraph for both cities under par. (a).

7 (e) The department of administration, in consultation with any state agency  
8 that is responsible for the administration of a public benefit, shall report, by county,  
9 on the total number of individuals enrolled for each benefit under sub. (3), the  
10 average amount of time that individuals are enrolled to receive each benefit under  
11 sub. (3), and the average age of individuals enrolled to receive each benefit under sub.  
12 (3).

13 **(3) BENEFITS.** The department of administration, in consultation with any state  
14 agency that is responsible for the administration of a public benefit, shall include in  
15 the report under sub. (1) the availability and enrollment data of all of the following  
16 benefits:

17 (a) Any housing or rental assistance, including any subsidized housing through  
18 the federal department of housing and urban development.
