AUTHORS SUBJECT TO CHANGE

1 **Relating to:** declaring March 3, 2024, to March 9, 2024, as Women in Construction
2 Week and celebrating the countless contributions of women in construction.
3 Whereas, the economic impact of Wisconsin's construction industry totaled over
4 \$50 billion in economic output and contributed over \$27 billion to the state's GDP,
5 according to the University of Colorado Boulder Leeds School of Business; and
6 Whereas, an estimated 400,000 new skilled workers are needed nationwide to
7 fill construction jobs; and
8 Whereas, one in five construction workers in Wisconsin is 55 or older, making
9 the need to fill construction jobs here even more dire; and
10 Whereas, women make up nearly 48 percent of the Wisconsin workforce, but
11 only 9 percent of the Wisconsin construction industry workforce, which is below the
12 national average of 14 percent; and
13 Whereas, jobs in the construction industry offer long-term, family-supporting
14 careers; and
