Analysis by the Legislative Reference Bureau

Under this bill, the sale of tangible personal property that becomes a component of a facility in this state that is owned by a county, municipality, school district, or nonprofit organization is exempt from the sales tax and the use tax. The exemption applies to tangible personal property purchased by a construction contractor who transfers the property to the county, municipality, school district, or nonprofit organization as part of constructing the facility.

Under current law, counties, municipalities, school districts, and nonprofit organizations are exempt from paying the sales tax and the use tax on purchases of tangible personal property. Currently, a construction contractor hired by the county, municipality, school district, or nonprofit organization may not receive the exemption for property purchased by the contractor to be used for a county, municipality, school district, or nonprofit organization construction project.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.
