

## 2009 SENATE BILL 470

January 22, 2010 - Introduced by Senators CARPENTER, DARLING, TAYLOR and COGGS, cosponsored by Representatives KRUSICK, J. OTT, BERCEAU, MASON, A. OTT, PASCH, ROYS, SMITH and TOWNSEND, by request of Alzheimer's and Dementia Alliance of Wisconsin, Coalition of Wisconsin Aging Groups, Wisconsin Board of Aging and Long Term Care, Disability Rights Wisconsin. Referred to Committee on Public Health, Senior Issues, Long-Term Care, and Job Creation.

- 1 **AN ACT to create** 146.43 of the statutes; **relating to:** dementia specialist  
2 certification program and requiring the exercise of rule-making authority.

---

### *Analysis by the Legislative Reference Bureau*

This bill creates a dementia specialist certification program. If a nurse aide or a person designated by a care provider to coordinate and supervise resident activities attends an appropriate instructional program, completes a competency evaluation, and pays a certification fee, the Department of Health Services (DHS) must certify him or her as a dementia specialist. A certificate as a dementia specialist is valid for two years. To renew the certificate, a person must provide proof to DHS of four hours of continuing education. No person may use the title "dementia specialist" or "certified dementia specialist" unless he or she is certified by DHS.

The bill requires DHS to establish standards for a curriculum for the instructional program, which includes certain instructional topics. The instructional program must consist of at least 40 hours and must include both classroom and clinical instruction. DHS approves instructional programs that meet the standards DHS established and reviews each program at least once every two years. DHS may suspend or revoke an instructional program that fails to satisfy the standards.

Under the bill, DHS approves competency evaluations that meet its standards, and may suspend or revoke a competency evaluation program that fails to meet the standards.
