3 Page 7-after line 13 Insert:

4

5 "(h) The operator of each advanced nuclear reactor shall

6 source, to the maximum extent possible, its high-assay low-

7 enriched uranium fuel from uranium mines located within Wyoming.

8 Not later than September 1 of each year the operator shall submit

9 a report to the department on the percent of its fuel sourced from

10 uranium mines located within Wyoming." GRAY, PROVENZA, SHERWOOD
