11 Page 2-lines 20 through 23 delete entirely and insert:  
12  
13 "studies relied on by the commission relating to the  
14 decommissioning costs specified in subsection (a) of this section.  
15 The objective of the review and analysis shall be to determine if  
16 the studies adequately identified likely decommissioning issues  
17 and their costs. The review and analysis shall concentrate on  
18 problems potentially created by the disposal of fly ash and other  
19 waste disposal in the period before the implementation of modern  
20 waste disposal practices including the time before the creation of  
21 the department of environmental quality. The review and analysis  
22 shall seek to identify risks or problems that may have a  
23 substantial impact on either electricity rates or the ability to  
24 use the facility in question for other purposes. The department of  
25 environmental quality shall conduct the initial review and  
26 analysis with existing staff and resources. If appropriate, the  
27 department shall recommend any further investigation and study  
28 need related to potential problems."
