9 "(B) Upon application of the student, the
10 commission may relieve a student of the obligation to repay amounts
11 expended under subparagraph (A) of this paragraph, in whole or in
12 part, where repayment would cause undue hardship. If, within three
13 (3) years following conclusion of professional training, a student
14 is not able after diligent efforts to attain a professional
15 position in Wyoming in the field in which the student was educated
16 and for which annual monetary compensation equals or exceeds one-
17 half (1/2) of the national average educational debt for that
18 profession, then all unpaid repayment obligations incurred under
19 this article shall be waived. The commission shall annually report
20 the number of students relieved from repayment under this
