

FISCAL NOTE

Subject to constitutional limitations, up to \$20,000 of previously appropriated other state funds in 2020 Wyoming Session Laws, Chapter 80, Section 2, Section 045 and identified by the Transportation Commission as available for expenditure is authorized to be expended by the Department of Transportation during fiscal year 2022 to design and construct memorials to honor United States military personnel who died in military training accidents in Wyoming during United States involvement in overseas wars and conflicts. Expenditure of other state funds authorized by this bill is conditioned upon a match of funds in the ratio of \$3.00 of other state funds to not less than \$1.00 in matching funds from a nonstate entity for purposes of designing, creating and placing that memorial.

The potential expenditure of other state funds under this bill is indeterminable, because the number of requests for these memorials is unknown.

Dependent on design and location, the construction of these memorials might require potential short-term closures of roads and/or parking areas or pullouts.
