8 and 37-2-404(a) are amended to read:

1 credited to the public service commission account for the
2 purpose of defraying administrative expenses of the
3 commission with respect to the persons assessed. At each
4 regular session, the state legislature shall, under the
5 budget provisions of Wyoming budget law, determine the
6 amount to be collected. It shall be the duty of the
7 director of the revenue department to ascertain and collect

10 immediately to the state treasurer for deposit in the

20

21 (a) On or before the first day of July of each year
22 the director of revenue shall, by requiring special reports
23 or otherwise, determine the total aggregate amount of the

1 gross Wyoming intrastate retail revenues of all public
2 utilities, entities utilizing public utility facilities in
3 the state to furnish retail utility commodities or services
4 to the public, and providers of telecommunication services,
5 except motor carriers, and those utilities exempted under
6 W.S. 37-2-108, for the preceding calendar year. ~~He—The~~
7 director shall then determine the ratio that one-half (1/2)
8 of the total authorized budgeted amount for the biennium is
9 to the total aggregate gross retail Wyoming intrastate
10 operating revenues. The resulting percentage factor shall
11 then be applied to the annual intrastate gross retail
12 operating revenues of each of such persons for the
13 preceding calendar year and the result shall be the
14 assessment of each such person for the ensuing budget
15 fiscal year. However, the assessment rate against the
16 persons for any one (1) year shall not exceed ~~.0030~~
17 three-thousandths (.003) of the gross Wyoming intrastate
18 retail revenues of the persons unless the assessment of
19 three-thousandths (.003) is insufficient to produce the
20 amount to be collected. If the amount to be collected
21 exceeds the amount produced by the application of the
22 percentage factor to the gross Wyoming intrastate retail
23 revenue of the persons, an additional assessment sufficient

1 to produce the amount to be collected but not to exceed
2 two-thousandths (.002) shall be made against those persons
3 defined as public utilities in W.S. 37-1-101(a)(vi)(C), (D)
4 or (G) but not cooperative utilities exempt from retail

8 the director by the persons on or before the first day of
9 October and one-half (1/2) of the fees shall be paid to him
10 the director by the persons on or before the first day of
11 April in the ensuing year. The director, ~~of the revenue~~
12 ~~department,~~ in computing the percentage upon which fees for
13 the first fiscal year of the ensuing biennium shall be
14 based, shall deduct any unexpended balance in the
15 commission's account, less an amount equal to the total of
16 all properly authorized outstanding accounts payable, from
17 one-half (1/2) the total authorized budgeted amount for the
18 biennium, and the resultant figure shall be used instead of
19 the one-half (1/2) of the total authorized budgeted amount
20 for the biennium, as above provided. Any unexpended balance
21 in the commission's account shall not lapse at the end of
22 the fiscal period. "Intrastate gross retail operating
23 revenues" as used in this section shall mean intrastate

1 gross revenues derived from the provision of
2 telecommunications, gas, electric, water and pipeline
3 service offered for final consumption and not for resale.

15 and conditions that are acceptable to and negotiated
16 between the customer and the owner of the otherwise
17 retiring coal fired electric generation facility. The
